*On April 14, read to the end of Revelation, then Genesis 1.

The chart lists the starting point for each day.
Calculate the ending point via the next day's starting point.

Normally, we read three chapters per day.
In Psa except for Oct 15, when Psalm 119 is the only chapter.

This chart's pace would finish the Bible in one year.
However, the delayed start (Jan 18, 2018) resulted in
not reading through the Minor Prophets (Hosea–Malachi).

I will work the Minor Prophets into my own reading this year,
but am not adding them here. There are a total of
66 chapters in the Minor Prophets, so it is not hard to
add them to your reading.
